

# GEORGESCU MIHNEA

## About

I'm a web developer with a strong passion for creating websites that not only look great but also drive real sales. My love for sales and marketing helps me craft digital experiences that convert visitors into customers. I enjoy solving business problems with smart, user-friendly web solutions, and I'm always excited to explore new technologies that can enhance online success.

- **AI-Assisted Problem Solving:** Proficient in leveraging AI tools like ChatGPT and GitHub Copilot to accelerate debugging, optimize code, and enhance development efficiency. Ability to collaborate effectively
- **Strong Communication**
- **Troubleshooting and Problem Solving**

## Experience & Projects

### Freelancing

2021-Present

- Throughout my freelancing career, I've had the opportunity to work on a wide range of products across various niches. I've developed everything from websites and web apps to custom solutions for clients with diverse needs. My projects have included creating landing pages for a psychologist clinic, as well as building custom Shopify solutions for businesses such as a company specializing in custom printed car fresheners and anything in between. This experience has given me a deep understanding of how to tailor digital solutions to different industries and drive results for my clients.

### Sports Medicine Physical Therapist

- Evaluated and treated athletes with a wide range of sports injuries, including orthopedic and neurological conditions
- Developed and implemented individualized treatment plans, utilizing manual therapy, therapeutic exercise, and modalities as appropriate

### Graduate Assistant Athletic Trainer

- Provided athletic training services to Division I athletes in various sports, including football, basketball, and volleyball
- Assisted in the evaluation and treatment of sports injuries, under the supervision of a licensed athletic trainer
